

INTEROFFICE MEMORANDUM

DATE: July 9, 1971

TO: Roadway Design Division Employees
FROM: Brooks O. Nichols, Engineer of Roadway Design
SUBJECT: Guard Fence Anchor Posts

NEW BRIDGES

As of this date, Guard Fence Anchor Posts SHALL NOT be provided where new bridges are being constructed. The Guard Fence will be attached to the bridge in a slot provided on the bridge end post.

EXISTING BRIDGES

The policy of providing an anchor post or parapet wall, as the case may be for the attachment of Guard Fence shall be continued.

Please review completed plans with the Bridge Design Division, where applicable, to determine the feasibility of conforming to the above policy.
